
George Van Riper Endowed Fellowship in Public Finance

The George Van Riper Fellowship was established in 1997 from an endowment honoring the late George Van Riper, a graduate of the M.P.A. program and practitioner in the field of public finance. Van Riper fellowships are awarded to graduate students planning careers in public finance. Van Riper Fellows work primarily on research and community service projects through the Kansas Public Finance Center.

For the fall semester, applications are due April 1. For complete application guidelines, contact the academic office of the Hugo Wall School at 316.978.7240.
